Ethernet cable splitter

Description

The Fastcabling Ethernet cable Splitter allows you double use your existed Ethernet cable, put two PoE IP cameras running in a single cable. It is useful when you decide to add a new IP camera, but most of the wiring was done. You just have to wire the Ethernet cable from the first camera to new watching spot. Both power and data could go thru the single cable for two PoE cameras.

Typical Application

Retail

Convenience Store

Workshop

Logistics

Home

and others

Specification

Electrical Characteristics	
Connector End 1	RJ45
Connector End 2	RJ45
Adapter & Splitter Type	Splitter
True Color	Black
Connector Gender	Female to Female
Weight (Ounces)	2.43
Length in Inches	1.73
Width in Inches	1.45

Packing	
Dimensions (H x W x D)	93*66*55 mm
Weight	0.080kg

Ordering Information	
Ethernet cable splitter	5625-64
